1. Subject, purpose and tasks of the training course

The history of state and law of Ukraine is a fundamental legal discipline. The purpose of training course is to help to deepen the future lawyers' knowledge of history of Ukrainian state-formation and law-making; their understanding of the essence of modern system of law in the state, which is called a constitutional state, on the basis of analysis conducted on the past experience.

In the conditions of the development of an independent Ukraine, it is extremely relevant it becomes necessary to raise the level of state and legal consciousness as part of the self-consciousness of the people. Without knowledge and deep understanding of the past, no matter how complex and contradictory it is was, it was impossible to create a new state, the core of which should become right. The state and the law are closely related. Law is the basis state, part of the spiritual culture of the people. Advanced law always gave extraordinary power to both the people and the state. And another example is: states where doomed if there were reigned "lawlessness".

The purpose of the course "History of the State and Law of Ukraine" is mastery the necessary knowledge of the history of the state and the law of our country, which necessary for law students and practitioners for the best knowledge of the essence, functions and social purpose of the state, its legal system, orientation in internal and external processes, prospects and opportunities for their development and, accordingly, for effective performance of professional duties.
